

Class Initiated VIA Project

Posted on 23 Apr 2024.

Dear Parent / Guardian

I hope this letter finds you well. I am writing to inform you about an exciting class initiated VIA project in which your child/ward will be involved in.

The class-initiated VIA project aims to provide a nurturing learning environment for kindergarten children. Students will have the unique opportunity to engage the kindergarteners with educational hands-on activities and skills learning, such as meaningful crafts and learning simple games. This initiative provides students with the chance to make a positive impact on the community while fostering teamwork and leadership skills. It also allows our students to create a positive social interaction with these young children.
