

## **Sec 4E5N ApLM@Poly – Discovering the Building Blocks of Life**

**Posted on 21 Feb 2024.**

Dear Parent/Guardian

With your consent for your child/ward's participation in ApLM@Poly (Applied Learning Module), we are writing to share details of the ApLM.

ApLM@Poly broadens the learning experiences of students and complement the secondary school curriculum with a focus on the practical application of knowledge. These modules provide our students with applied learning opportunities – learning that involves doing and applying, learning about the real world, and learning for life. ApLM@Poly also allows students to discover their interests and strengths and make informed education and career choices.

The details of the programme are as follows:

ApLM@Poly: Discovering the Building Blocks of Life

Venue: Republic Polytechnic

Date: 27 Feb to 29 Feb 2024

Time: 9 am to 5 pm

Attire: PE T-shirt, long pants/jeans, covered shoes

As students will be learning in the laboratories, they are advised to wear covered shoes and long pants/jeans. They will be provided a lab coat by the polytechnic lecturer. Students are reminded to bring their personal learning device too.

Students will report to school as usual. Two-way transport is provided and students will be dismissed from school upon arrival.

In addition, students are expected to attend all days of ApLM@Poly and if they are unwell, documentary proof must be provided to their Form Teachers.

For any queries, please contact me (ng\_wei\_yin\_carrissa@schools.gov.sg) at Tel: 6443 6848.

Thank you for supporting the holistic development of your child/ward.

Yours faithfully

Ms Lorraine Ng

HOD/CCE
