

## **Collection of Personal Learning Device (PLD) 2024**

**Posted on 26 Feb 2024.**

Dear Parents/Guardians,

We are pleased to inform you that your child/ward will be collecting the personal learning device (PLD) on 6 March 2024 in school between 9:00am and 10:00am.

The PLD comes with a 1-for-1 exchange in the event of manufacturer defects within 7 days of the collection. It is advisable to keep the original box for 7 days, starting from the device unboxing date, in the event that a 1-for-1 exchange is required.

If you prefer that your child/ward uses the PLD solely for teaching and learning after school hours, no further action is required. The in-school DMA settings (“Default Setting”) in paragraph 5 of the attached letter will continue to operate after school hours. If you wish to select an alternative After-School DMA setting, pls fill in the online form (see link below) by 22 March 2024. Your selected after-school DMA option will take effect by 27 March 2024. Please refer to attached letter for more details on the DMA options.

The school will be conducting a workshop to equip students with the skills and knowledge to use the PLD for learning and onboard Microsoft 365. The workshop will be conducted on 6 March 2024 from 3:00pm – 5:45pm. Attendance is compulsory. Please refer to the attached letter for more details.

Thank you and have a good day.

Regards,

Mrs Lee Pei Kee

HOD ICT
