

Geography Challenge

Posted on 29 Feb 2024.

Dear parents/guardians,

With the aim of igniting students' passion and interest for Geography, your child/ward was selected to represent the school in participating in the annual NUS Geography Challenge.

The team will participate in the preliminary round this Saturday (2 March 2024) from 730am to 3pm. Students will report to school in their half-uniform and transport will be provided to and fro from school to NUS.

Following which, the top 40 schools will be participating in the geo-trail all around Singapore, starting from Urban Redevelopment Authority (URA) Maxwell. This will take place on 18th March (Saturday); timing to be further advised by organising committee if the students make it through.

More information will be relayed to you once we hear from NUS. For further clarifications, you could reply to this announcement or contact me at chua_yan_yi_alvina@schools.gov.sg.

We appreciate your continued support as partners in education to nurture and develop your child/ward.

Best regards,

Alvina Chua
